Once you provide the headcount information the fee table will appear and you will see the applicable fee for your company. Once you save this stage or move onto the next step you will receive an automatically-generated invoice to pay the fee.

The invoice will be pre-filled with the invoice number, invoice date, customer details and fee amount. Please complete any remaining fields as needed, upload the final invoice through the Information exchange section in the platform, and arrange to pay the fee.

You must pay the fee before the RCO can start to process your application.

Maintenance fee (year 2)	250 EUR	July 2028 Annual maintenance fee for the second intervening year
